Variety Data: RGT LINEOUT

VARIETY OVERVIEW:

RGT Lineout is a product of RAGT's new winter oat breeding programme, it is the earliest maturing oat on the Recommended List and also has good quality, which is key in the oat market. RGT Lineout is set to challenge the dominance of Mascani thanks to good acceptance by end users, along with much higher yields. RGT Lineout has taken 10% of the seed market in its first year of commercialisation.
