

AT THE ROOT OF THE BEST OAT VARIETIES.

Grow to expect the best

Name: RGT LINEOUT

Species: **WINTER OAT**

End market: **CEREALS**

Type: **HUSKED**

CHARACTERISTICS:

- > Unique combination of maturity and yield
- > End user acceptance
- > Short, stiff variety
- > Good crown rust

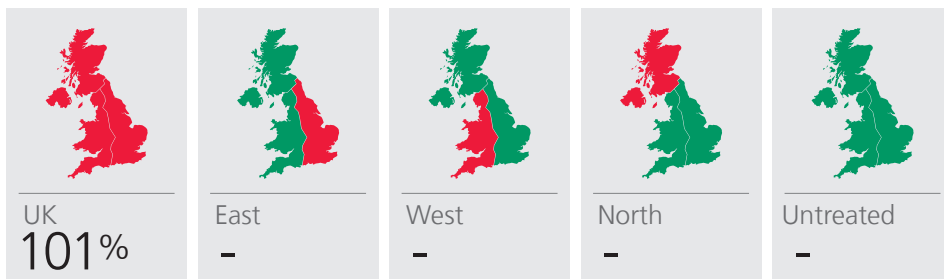

RGT Lineout
Recommended List 2018.

Variety Data: RGT LINEOUT

VARIETY OVERVIEW:

RGT Lineout is a product of RAGT's new winter oat breeding programme. This is primarily aimed at the key Scandinavian market, but varieties are screened for the UK. Unsurprisingly RGT Lineout is the earliest maturing oat on the Recommended List. It also has good quality, which is key in the oat market. RGT Lineout is set to challenge the dominance of Mascani thanks to good acceptance by end users, along with much higher yields.

YIELD:

AGRONOMICS:

Lodging -	6
Height - PGR	110
Ripening	-2

DISEASE:

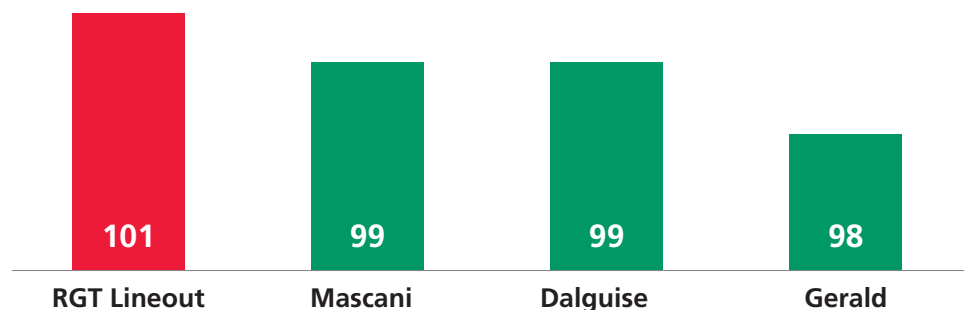

Mildew	4
Crown Rust	5

QUALITY:

Kernel content	75.1
Specific weight	53.2
% Screenings >2.0	5.0

Performance Data: RGT LINEOUT

YIELD PERFORMANCE:

AGRONOMICS PERFORMANCE:

	Lodging	Height - PGR	Ripening
RGT Lineout	6	110	-2
Mascani	6	113	+0
Dalguise	3	118	+0
Gerald	6	115	+3

DISEASE RESISTANCE PERFORMANCE:

	Mildew	Crown Rust	Kernel content	Spec Weight	Screenings
RGT Lineout	4	5	75.1	53.2	5.0
Mascani	5	6	78.8	54.5	1.3
Dalguise	4	4	75.5	54.8	2.9
Gerald	4	5	72.8	53.7	3.3
